Answers 答案

Exercise 1	Exercise 2
1 dreamt (or dreamed)	1 which
2 took	2 who
3 was pumping	3 where
4 was riding	4 whose
5 have never cycled	5 which
6 has visited	
7 ate	
8 have just washed	
9 have not told (or haven't told)	
10 is going to rain (or will rain)	
11 will go (or are going to go)	
12 will ring (or am going to ring)	

Why:

- Exercise 1: the time word chooses the verb form. **last night, ago** → past simple · **while, at eleven o'clock** → past continuous · **never, since, just, yet** → present perfect · **look at those clouds, if …** → future.
- Exercise 2: a person → **who** · a thing → **which** · a place → **where** · belongs to someone → **whose**. If the words after the blank already have a subject (old men play chess), use **where**.
